One of the Eternal Spirit of Human Beings: Kong-Meng Ru Xue

Kong-Meng Ru Xue

孔 Kong – Confucius.

孟 Meng – Mencius.

儒 Ru – What human needs.

學 Xue – Teachings, learning, ways.

It is said:

If Heaven begat not the enlightened sages,
a long night it would be for myriad eras.

Because of the birth of the wise beings,
the spirit and civilization were enlightened.

Because of the disappearance of the wise beings,
the spirit and civilization moved into vagueness.

They are not cultures, but what humans need.
